

TCM Forklift Parts

TCM Forklift Parts - In the global trade of material handling, forklifts play an important part for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in the United States, lift trucks gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread internationally.

In nineteen forty nine, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the company is simply referred to as TCM Corporation. Through the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation with the trade. TCM started constructing forklift manufacturing sites outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over fifty years of accumulated technology and expertise, TCM has been proudly manufacturing various models of industrial lift trucks, making their models known all over the globe. With a strong and energetic employees, TCM has been able to continually work towards becoming a future leading material handling business.
