

Concrete Hoppers

Concrete Hopper - This accessory is a self-dumping hopper which automatically activates to unload as soon as bumper release touches the side of a dumpster. Once unloading is finished, the hopper returns to a locked and upright position. This piece of equipment even comes along with a cable that enables operation from the seat of the forklift to be able to have the alternative of manually unloading the hopper. There is a locking chain provided in order to secure the hopper to the tine truck. This particular product is constructed with consistent and reliable robotic welds for utmost strength. The lift truck dumping hopper also has a blue powder coat finish to maintain durability.
