

Lull Telehandler Parts

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement precision ever since nineteen fifty nine. The Lull telehandler can really help make the job faster and easier, whether the task requires landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are complete together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can supply eighty inches of boom travel for precision placement functionality. There are even lots of optional Lull attachments for their telehandlers to help do any job.
