Advance-Nilfisk Parts - Think about how tedious it will really be to clean up your very own house after throwing a large party, with out aid from cleaning equipment. Back in the day, when upholstery and carpets had the dust beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning supplies of that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who liked to work on electrical motors. After founding his company during 1906, he began to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the start was to own a worldwide company selling merchandise worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single individual. This invention came in a time where many cleaning machines were very big and required at least 4 operators, hence, the Nilfisk C1 transformed everything and developed the way we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an ongoing dilemma; things get dirty and need to be cleaned on a regular basis, without a lot of effort.

Gradually, the company Nilfisk-Advance grew all through the years. During the the early part of the nineteen eighties the business expanded more rapidly when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the trade, aiming to be an active international player in making professional cleaning equipment. Nilfisk-Advance is now located in all parts of the globe by steadily acquiring lots of small companies in order to develop their product portfolio and presence in new markets. They are really proud to provide different cleaning solutions to meet each need.
