

Forklift Electrical Part

Forklift Electrical Parts - Lift trucks may be particularly marked to be utilized in unsafe places. A marked truck indicates the design has met the minimum requirements of ANSI/UL 558 meant for engine powered forklifts or ANSI/UL 583 intended for electric forklifts for the type of label placed.

The application for labels meant for lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Consult your local insurance provider and Fire Marshall for further info concerning the approved uses of industrial powered trucks in your application.

If the forklift has been proven to satisfy the outlined standards, the following labels can be placed. A labeled truck would have the type designation put on the forklift nameplate and would have one of the following labels placed.
